****Can it be???**

Can it be?

My goodbyes have come and gone

Though my heart has never truly moved on

My thoughts still of you

That last fateful day

When you were taken away

How can it be?

Back now you seem

But not the same

My heart still cries your name

Moons full and new many times

My tears have shed

My heart broken and restored
To be broken once more
In the light of your return
Takes place the tearing of my soul
Two I see before me
One claims part of my heart
The other claims me
Mind, body and soul
To lose you once more
For this time my heart would parish
My soul would turn to no more
My mind would be broken
Though your heart stopped once
Mine has continued for you.
My love has carried on
Let this not be the end

End
file.
